

Our Vision:

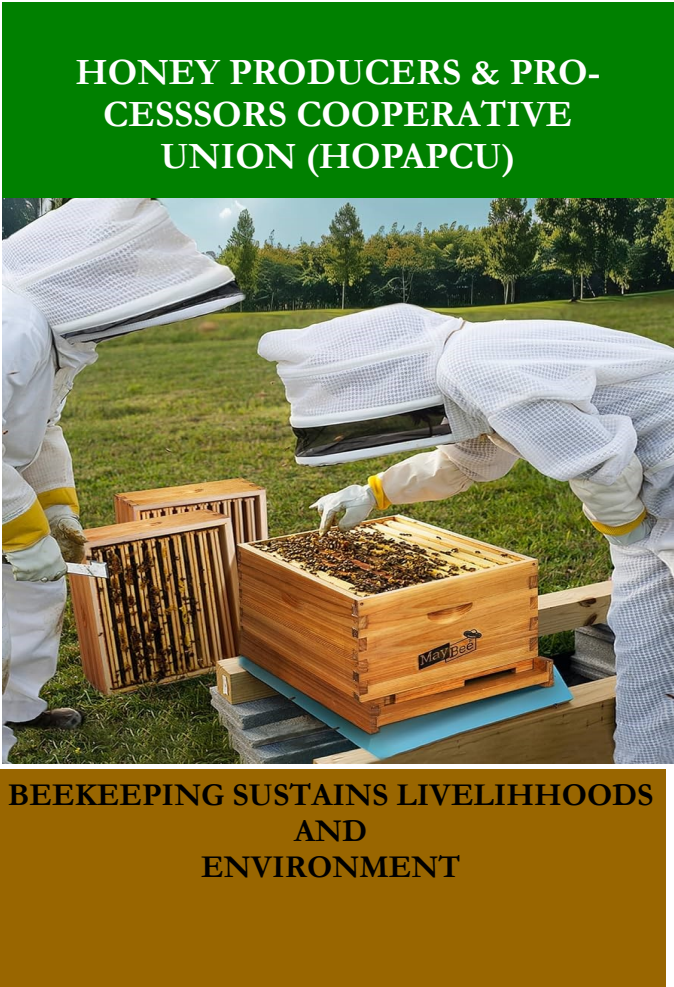

- We aspire to be leaders in achieving a better quality of life for Malawian Beekeepers through sustainable Beekeeping and cooperative initiatives.

Our Mission:

- The Honey Producers & Processors Cooperative Union (HPAPCU) aims to become world trade producers, processors, and marketers of specialty and certified Honeybee products, utilizing sustainable cooperatives and Honey-based Bee farming new systems.

Objectives:

1. Promote the formation of self-sustainable bee farmers cooperatives, groups and individuals in Malawi.
2. Foster the production of honeybee products using sustainable technologies and facilitate access to finance for producers, cooperatives, groups, individuals and the Union.
3. Expand the processing and marketing of Honey-bee products and other products on both domestic Markets and international markets.
4. To develop a strong voice to promote the interests of its members and to contribute to the development natural resources and beekeeping in Malawi.
5. Enhance women's, youth, disabilities and old age persons participation at all levels of the Beekeeping business. Encourage business diversification at the local bee farmer, cooperative, and union levels to ensure self-sustaining businesses.

Mzuzu Honey Producers & Processors Cooperative Union of Malawi (HPPCUM)
C/O Box 89,
Nkhata-Bay.
